Our Areas

YOUR ADVANTAGE

We Do

YOU NEED?

Business Model & Financial Plan

We support clients in designing Business Models that work, with exceptional value proposition that set them apart from the competition.

Depending on the entrepreneur's need, we draft customized Business Plans that include detailed Marketing and Financial Plans.

We Do

YOU NEED?

Corporate Strategy & Organization

We help Entrepreneurs and young companies define the market in which their companies operate, the competitive strategy and highlight their USP's.

In addition, we ensure that effective revenue models are set along with the correct pricing strategy.

We Do

YOU NEED?

Financial Advising & Reporting

We draft financial reports, cost calculations and sales forecast that are consistent with both the company's business model and the given market conditions.

Whether you are looking for traditional or alternative funding programs, we create tailored solutions to secure the project financing.

We identify relevant grant opportunities and do the application with you.
